There was a whole lotta love at the New York premiere of *The Romantics*.

While everyone's gaze was on the film's star **Katie Holmes** and hubby **Tom Cruise**, clearly the couple only had eyes for each other as they attended the screening on Tuesday night.

But the semi-casually dressed duo, in outfits undoubtedly **picked out** by their daughter, weren't the only celebs serving up some star power.

Also on hand were Katie's costars **Malin Akerman**, **Josh Duhamel**, **Adam Brody** and **Elijah Wood**.
